CORY'S ENGLISH HISTORY.

A GUIDE TO MODERN ENGLISH HISTORY. By WILLIAM CORY. Part II. 1830-1853. Svo. 50c. 1857. Henry Holt & Co.

The title of Mr. Cory's book is misleading. A guide is supposed to direct our steps in unfamiliar paths; but the reader of these political commentaries will be able to make little out of them unless he knows the subject pretty well beforehand. This is partly because Mr. Cory's plan takes in criticism and reflection rather than narrative, and partly because he shows an unfortunate predilection for allusion rather than direct statement. Even persons who are well read in English history may be puzzled if they sometimes fail to appreciate the force of his pages, or remain in doubt as to whom he is speaking of when he persists in referring to a public character without naming him. His manner is that of the political journalists, who pass at midnight a rapid and if possible a lively leading article upon the report of the debate, which is to be printed along with his comments upon it; and in a production of that sort the art of allusion, the indirect designation of a personage by a reference to circumstances which everybody will understand, is often highly effective. But the method which proves telling in the morning paper is far from happy in a serious history. Mr. Cory forgets that he is writing not about yesterday's news, but the events of fifty years ago. The general reader will hardly be able to make good use of this "Guide" without the help of another guide somewhat more matter-of-fact. Nor is it only in the form of his essays that Mr. Cory reminds us of the modern journalist. He allows himself a freedom, a suppleness, a vigor of obliquity, an unfairness of statement, not often encountered except in the literature of party disputes. As an example of his temper, we may point to his treatment of O'Connell, which is marked by an acerbity nothing less than vulgar. The Irish leader is a malicious demagogue, a parking cur, whom, however, vile as he was, the English Government might wisely have bought off by giving him a judgeship!

It is believed that from sheer stress of poverty he was compelled to turn to the profession of an actor, and to play the game of sounding idle associations to amuse his ignorant followers; and it seems certain that in bawling for Repeal of the Union he meant no worse than to fill his own pocket, and divert his fellow-countrymen from sedition and rebellion. On the whole it may be held that it was a mistake not to make him a judge.

Mr. Cory's political moral seems to be as bad as his manners. As a first and perhaps a still more flagrant specimen of the worst possible newspaper style not to be paralleled in any journal which makes a pretence of decorum, take the following observations upon Irish discontent:

There were nearly eight millions of human beings in Ireland. It would be hard to believe that half that number even half of these, were in sympathy with an oligarchy of snobs. But among those who hungered property, feared the magistrates and fulfilled contracts habitually, there must have been a proportion greater even than in other countries of stupid and cowardly people, though in every country the greatest of mischievous elements are the educated and light-skinned classes—according to state-room, \$60, \$80 and \$100 Intermediate school, steerage at low rates.

New Publications.

CHAS. H. HALL, D. D., Rector of the Holy Trinity Episcopal Church, Brooklyn, speaker of the NEW STANDARD LIBRARY enter-

prise, by which the best new books are sold for 15 to 25 cents.

Americans going abroad and desiring souvenirs, stones, jewelry, bronzes, or the latest novelties, are invited to visit our store, No. 37 Avenue del'Opera, adjoining Hotel Bellevue.

HOWARD COMPANY,
of Fifth Avenue, New York.
